Abbreviations: X = testing not required, (P) = presumptive, ~ = approximately, > = approximately greater than, < = less than. Tests marked with * are outside the UKAS scope of accreditation for One Scientific Ltd. Tests marked with # have been subcontracted to an external laboratory. Location of testing is shown in brackets after the method code: LF = One Scientific Ltd. Unit F, 7A4 Victoria Road, Avonmouth, Bristol BS11 9DB, L3 = One Scientific Ltd. Unit 3, Avon Riverside Estate, Victoria Road, Avonmouth, Bristol BS11 9DB. This report shall not be reproduced except in full, without the written approval of One Scientific Ltd. Information relating to sample/s before receipt by the laboratory are provided by the customer unless otherwise stated as a comment, and this information can affect the validity of results. These results are representative of the sample as supplied by the client. Comments, opinions and interpretations expressed herein are outside the scope of UKAS accreditation. Deviation assessments have been carried out on all samples submitted for testing. Deviating samples have been allocated a code determined by the reason for deviation. As a result of the deviation the reliability of the results may be affected. Explanation of this coding is as follows: A) Insufficient sample provided (see comments), B) Sample not submitted in an appropriate container/sample does not contain an appropriate preservative/neutralising agent, C) No sampling date/time provided when pertinent, D) Sample submitted outside permitted holding/transit times/temperatures, E) Analysis not carried out within permitted test holding times, G) Sample used to perform temperature check, H) The sample DNA is of low quality/quantity and may affect the LOD of the test, N) No deviations, O) Other (see comments), P) Sample packaging/container damaged, R) Retest performed on a sample where the packaging atmospheric conditions may not be representative of the original sample.
